

Partnering with Money Mover

Help your clients reduce the costs of their international payments and transfers

Money Mover provides the transparency, tools and functionality to put your clients in control.

Money Mover is an online foreign exchange and global payments platform that provides a secure and low cost way for businesses to make international transfers.

We're upfront with our costs, transparent with our rates and keep our customers updated throughout the transaction, so they always know where their money is.

Benefits for your clients

Banks make money by hiding their profit in the exchange rate. Your clients may not be able to see it, but it's money out of their pockets.

Cut costs by up to 90%

We've negotiated wholesale exchange rates which we pass on to your clients. We're upfront with our fees, and display our exchange rates clearly.

No membership fees

We don't charge initial, joining or annual fees. Your clients only pay a fee when they choose to make a payment with us.

Start making savings quickly

Optimising international payments is a quick win for your clients. Sign up for free and start using our service straight away.

Benefits for you

Partnering with Money Mover is an easy way to put the power of cloud-based financial technology at your clients' fingertips.

Strengthen your role as a trusted advisor

Demonstrate your understanding of your clients' needs by bringing them a way to save \$20,000 or more in every \$1m that they exchange.

Broaden your suite of client services

Leverage our technology platform to add our powerful international payments toolkit to your proposition for SME clients.

Access a new revenue stream

Earn a recurring stream of commission payments from the introductions that you make to Money Mover.

What can you expect from a partnership with Money Mover?

One size definitely does not fit all! We're work with our existing partners in a variety of ways and want to help you bring maximum benefit to your clients.

We'd like to have a conversation about how this could work best for you, but things we've done in the past include...

Free bespoke reviews for your clients

We'll analyse your client's previous transactions to show you how much they could save by using Money Mover.

Links from your website and apps

It's easy to link from your existing platforms to bespoke client landing pages within the Money Mover website.

Training and seminars

We'll meet with your team and clients to talk about what we do and how we do it. We'll demo our web application, discuss our research and provide insights and tips.

Content generation

Our team of experts can provide content for blogs, website and mail shots which educates and informs your client base.

Support for direct client referrals

We support your clients throughout the set up process, and make sure that using Money Mover is as easy as possible.

Exclusive rates for your clients

Our fee structures are designed to be flexible enough to accommodate the specific needs of your client base.

“The reason we get out of bed in the morning is to help make our clients richer – and this is a great way for us to add value. The first client we referred to Money Mover was being charged an average of 3.6% of each payment in exchange rate spreads alone. Money Mover immediately cut this to 0.9% - over a twelve month period this marks a significant saving for any business”

Paul Reid, Founder, Resolve Business Solutions

We'd love to discuss working with you, so please feel free to get in touch with us by email or telephone.
